

# SOMERSBY FALLS RETURN 24KM

From Kariong service station, go left down the main road & turn right at the first set of lights into Kangoo road. Follow this road to the end & take a left turn into Debenham road.

At the top of the hill, Debenham road veers left into Gindurra which has a very bumpy section going under the F3 bridge...

Take the first right after the underpass, & climb the hill to the top :) At the top you turn left to continue on Debenham rd north all the way up to Wisemans ferry rd, where you turn left.

Turn right into Howes rd, and at the end cross the road at the T-intersection, veering slightly left to go down Somersby falls rd. Admire the falls before returning the same way.
